

**The AHS Dugout Club
is starting up the
Junior Raider Baseball
program for 2011.**

The program will be to teach the boys higher level baseball while incorporating the values, work ethic and team concept the AHS Baseball head coach Steve Bohn instills into his own high schools teams. The overall goal will be to make these players better candidates for the high school teams and improve the strength of the AHS Baseball program for years to come.

The Jr. Raiders will have two teams.

There will be a 7th grade team (13 year olds) and an 8th grade team (14 year olds).

There will be a fall version of the team that will practice and play September and October 2010

There will be a spring version which will practice and play January through June 2011.

The home field will be at Webb Bridge.
